

# THE NEXT GENERATION IN SHADING

## DELIVERING VALUE

The Olympus is the upgraded "Gold Standard" of our Rainier models and is known to be our most popular unit available. The Olympus offers the latest key product enhancements to ensure a long lasting, trouble free shading system. The Olympus is confidently backed with our extended Diamond Protection Warranty package included at no additional cost.

## ELEGANT PERFORMANCE

The Olympus Shading System features components that provide a refined, finished look while adding strength and durability to the system. The aluminum powder coated torsion bar has been upgraded to a stronger, thicker wall profile to increase unit rigidity. The retractable arms are where you'll notice the greatest improvements. These arms feature larger arm profiles, a concealed heavy duty arm belt, sealed ball bearings at the elbow and an overall contoured designer shade.

### PRODUCT FEATURES:

### SIZES AVAILABLE

The Olympus shading system is custom made to fit your unique space. With widths up to 40' wide and projections up to 13', we've got you covered!

*The Rainier components meet stringent ISO 9001 and TUV standards and are assembled in the USA by skilled craftspeople.*

### HEAVY DUTY TORSION BAR

The Olympus torsion bar is 15% heavier than our standard bar. This provides a stable shading system with less bouncing in light winds.

### CONCEALED ARM TENSION SYSTEM

The larger, internally hidden belt translates to a cleaner finished look with a tighter fabric cover.

### OLYMPUS ARMS

sealed ball bearings & larger profiles providing smooth and quiet operation.

### MOTORIZED

Easy touch of a button motorized operation includes a manual override feature should you lose power.

ROOF MOUNT    SOFFIT MOUNT

### MOUNTING

Wall, soffit, or roof mounting available to match your needs.

### LIFETIME WARRANTY

Lifetime Frame 10 years on fabric 8 years on motor and electronics. \* Please review warranty for complete details

# RAINIER | OLYMPUS

## RETRACTABLE SHADING SYSTEMS

UNIQUELY  
DESIGNED

### CUSTOM BUILT TO YOUR SPECIFICATIONS

Every Rainier shading system is custom made and professionally installed by our independent dealers to meet your individual requirements. Olympus is available up to 40' wide with projections up to 13". Rainier components meet stringent ISO 9001 and TUV standards and are assembled in the USA by skilled craftspeople.

### TRULY THE INDUSTRY LEADER

Rainier Olympus Arms:

- The Rainier brand exclusive ART arm belt is hidden for a clean finished look
- 21% more arm tension than our Rainier model provides stronger, tighter fabric
- Tested to 72,000 cycles - 20% more expected life than the Rainier model
- Thicker, contoured arm profiles for reduced arm deflection
- Sealed dual ball bearing elbows with a larger radius curve for smoother operation and better arm tension.

TO MEET  
YOUR NEEDS

### MOTORIZED FOR EASY USE

Your Olympus features a UL listed motor from Somfy, the world leader in home automation. You can operate your shading system with a wireless wall switch, a hand held remote, a smart device...or from all of these! To increase the usefulness & effectiveness of your shading system, plus add a level of protection, Rainier also offers sun sensors and motion sensors.

Standard Hood

Open Roller

Semi-Cassette

### MOUNTING & FABRIC PROTECTION

Your Rainier unit can be ordered:

**Open Roller:** Your unit fabric is fully exposed when rolled up. Available as soffit or wall mount.

**Semi Cassette:** Providing full fabric protection for any mounting application. We recommend this option especially for roof mounting.

**Standard Hood:** When limited wall mounting space is available, Roof mounting is your best option and always opt for the protective hood.

PRODUCT  
OPTIONS

### DROP SHADE

Add even more solar protection while increasing your privacy with the Rainier Drop Shade. This option features an open mesh, sun screen fabric that extends down from the front bar over the width of the awning. The Drop Shade is self storing and can be motorized or manually operated.

### LIGHTING OPTIONS

Add a unique element to your evening entertaining with several lighting options. Lunar Lighting (shown) is typically applied to the back of the front bar and offers a soft warm glow light which can be turned on or off with the same multi-channel remote/transmitter as your awning. An LED lighting option is available with light strips applied to the arms of the awning (dealer installed). This UL-listed LED light kit offers 16 levels of light in either warm (3000K) or cool (6000K) lighting and like lunar lighting, can be controlled with the same multi-channel remote/transmitter or multi-channel wireless wall switch. Lunar lighting not available on semi cassette units.

### ELECTRONIC ACCESSORIES

Our world class wireless components make operating your shading system effortless.

- **Wind/Motion Sensor:** This accelerometer sensor attached to the awning's framework will retract the unit if it gets too windy - adding a level of safety and security.
- **Sun Sensor:** This sensor, typically mounted to an exterior wall, will automatically extend the awning once the preset sun level is attained, and will automatically retract your shading system when the sun passes.
- **TaHoma:** With a TaHoma®, create scenarios to link your connected devices and activate them with just a click on your smartphone!

### SEMI CASSETTE HOOD

Completely protect your fabric from the elements and increase your level of security with the Semi Cassette option. *Note: 13" projection requires 3/3" minimum pitch/drop.*

### HARDWARE TO MATCH YOUR DECOR

Rainier offers four architecturally pleasing colors to either match or accentuate your home. Our pretreated powder coated finishes are second to none in durability and appearance.

### SUNBRELLA SHADE FABRICS - FROM SERENE TO STUNNING

Rainier offers a wide array of long lasting, fade resistant, 100% acrylic fabrics from Sunbrella. The Sunbrella Shade fabrics are specifically made for heavy duty applications such as retractable awnings. Each fabric cover is computer cut, has ultrasonically sealed edges, and is sewn with Tenera thread to provide a full 10 year warranty on the fabric and the seams. Make a bold statement or blend harmoniously to your home's décor... whatever your choice, we have the fabric for you.

### DIAMOND PROTECTION - AN ADDED LEVEL OF SECURITY

Looking for a lifetime warranty on your complete shading system - from frame to fabric to motor and electronics? Then the Diamond Protection is for you. Ask your dealer for complete details.
